### Testimonial: Ms Wendy Groeneveld

I was fortunate enough to meet Wendy Groeneveld when I became Principal at Bellavista School in 2009 and then to work with her through to 2014 when she resigned her position to pursue fulltime studies for a Master's degree in Inclusive Education from the University of the Witwatersrand. Wendy worked for Bellavista as a Remedial Therapist which involved one: one, small group and large group teaching and intervention in English and Mathematics. Wendy has more than twenty years' service behind her and has experience in many grades. She served Bellavista wholeheartedly between January 1998 and December 2013.

Wendy is a lifelong learner, well qualified and holding a Masters in Inclusive Education. She is eager to learn and embraces all professional development opportunities. She takes on new research with an open mind and enjoys critically analysing methodologies before implementing these. Beyond furthering her formal qualification, she embraced THRASS, CEA and Rave-O initiatives and employed these new ideas in her curriculum delivery. She has also had training in ILT, Autism Spectrum Disorder, Dyslexia and ADHD.

Wendy is dedicated to her profession, particularly when it comes to knowing and understanding the needs of every child in her care. Her approach is to engage and present the curriculum creatively, affording the children every opportunity to embrace it successfully. She was well reputed at our school for integrative themes to present the content of the concepts that she wanted to introduce. As a Remedial Therapist, Wendy was well versed in administering standardised assessment and reporting on her findings to the multidisciplinary team she worked with and parents.

I would be happy to serve as her reference and wish her all the very best into the future.

Sincerely

**AM Scott (Mrs)**  
**Principal**
