Blom waar jy geplant is.

26 October 2017

The Principal

Constantia Kloof Primary School

On behalf of Laerskool Protearif, we would like to thank you sincerely for your donation of R10 000-00 following the devastating storm on 9 October 2017 which caused enormous damage to the school. The support you have provided came to us at a time when we were unsure of how the School will be able to re-establish our learner's learning environment and the timely contribution from your institution is highly appreciated.

Your donation will be used to purchase learning material, replace equipment and contribute towards the restoration of the school facilities. Our school buildings are not back in use yet and it will take some time to rectify due to the serious damage caused by the storm, but our neighbouring schools and church are accommodating us on a temporary basis. School life carries on within the limited space, but with the support and encouragement of so many people. We are confident that our children are gradually becoming themselves again – cheerful, caring and smiling. We hope that their character will be built up to understand how much others are caring, to appreciate solidarity and to overcome hardship.

Once again, I wish to express our gratitude to you and your institution for your most heartfelt support.

Yours faithfully

DONNA LOURENS
