

Good morning all

A very warm welcome to you all and may I take this opportunity in officially welcoming you into the family of Constantia Kloof Primary. A child's first day at school is a momentous event. It might cause a bit of anxiety for parent and child alike, but it's an exciting journey that will see your child learn to stand on their own two feet, make new friends and embark on a wonderful journey of learning. Each year always bring new possibilities, opportunities and inevitably some challenges. We as Grade One Educators feel so honoured to share and be part of this very special time in your child's life. Naturally we do play a vital role in this process but it's not enough. As a parent your pro-active involvement in your child's learning has a positive impact upon both his or her attitude and the speed at which he or she learns. I hope I have a group of pro-active parents sitting in front of me today. Building relationships with your child and their teacher that educates them is the key to helping a child succeed at school. We are all looking forward to building relationships with you and you being here today is a good start to the year. So without waiting further I would like to introduce my team of very qualified special ladies who will play a vital role in building the foundation your child needs.

We have Mrs. Pillay our Head of the Foundation department.

Mrs. Visagie

Ms Foyn

Can I ask you now to make your way to your child's class where the teacher will have register for you to sign and some points of her own to share with you?

Thank you
